starts here with  
**BRIGHTSTAR Scooters**

# About Our BRIGHTSTAR Scooters

Brightstar Electric Scooters, founded in 2008, is an innovative electric mobility company dedicated to building reliable and eco-friendly scooters for modern riders. Our scooters are manufactured in Kottayam District and delivered to customers across the Kerala.

With branches in Kottayam, Pandalam, and Ernakulam, Brightstar provides both sales and full-time service support, ensuring every rider enjoys a smooth and worry-free experience.

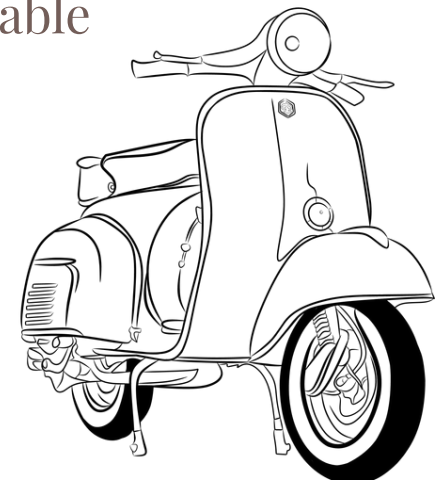

Smart mobility. Sustainable future. Powered by Brightstar.

## Our Vision

To become a global leader in electric mobility, transforming the way people travel with clean, efficient, and sustainable transportation solutions.

## Our Mission

- To design and manufacture high-quality electric scooters with advanced technology and reliable performance.
- To promote sustainable transportation that reduces environmental impact.
- To provide excellent customer service and maintenance support for every Brightstar rider.
- To expand our presence globally while maintaining innovation, safety, and affordability.
